

CLASH WITH COMER

SENATOR GAMBLE'S ADVICE NOT WANTED.

Governor Refuses to Listen to Pike Senator and President of R. R. Commission.

In connection with the fight which Senator Gamble made upon the Jury Commission bill on the floor of the Senate yesterday morning comes the rumor that his action on the floor of the senate was brought about by the fact that the chief executive did not accord to Senator Gamble and Charles Henderson, President of the State Railroad Commission such treatment as the two thought proper on the occasion of a formal visit to the gubernatorial office.

It is stated that Senator Gamble and Mr. Henderson called up on Governor Comer early yesterday morning to advise with him relative to the appointment of jury commissioners in Pike county. It is said that Governor Comer stated flatly that he had no intention whatever of taking advice from those persons not in favor of constitutional prohibition and further that he would appoint no one jury commissioner who

was not a prohibitionist.

Senator Gamble and Mr. Henderson felt aggrieved, so it is said, over the treatment which had been accorded them by the Governor and the attack on the bill on the floor of the Senate by Senator Gamble during the morning hours yesterday followed.

TO-NIGHT AT COURT-HOUSE.

Address on Educational Advancement To Be Delivered By Supt. W. E. Striplin.

Superintendent W. E. Striplin of Gadsden, Ala. will deliver an address tonight at the Court House on a subject of vital importance to the educational advancement in Alabama. This address will suggest an advance step for the State in behalf of our children and every teacher, mother, father, citizen in Dothan should hear it. Do not fail to show your interest by being present.

The leading members of the Holmes church have the names of several of the young men that they say came of the row at their church last Sunday night and are to prosecute them to the full extent of the law.

THE FEDERAL COURT

ADJOURNS TODAY AFTER A WEEK'S GRIND.

Thirty-Eight Indictments Found of the One-Hundred and Eight Considered.

The United States Court adjourned today after a week's grind in the city. Judge Jones and the other officers will return to Montgomery after having a chance to spend several days in the principal city of the wiregrass section of Alabama.

Thirty-eight indictments were found in this district out of one hundred and eight considered.

When asked what he thought about Dothan, United States Marshal Jenkins replied, "Dothan is a growing country town. I was raised in the country and therefore my heart is with Dothan. Every town has to be a small one when it first starts, but it won't be long before Dothan will grow and make a city. Montgomery was small once and is no gigantic city now."

Conductor J. H. Coghurn returned to Montgomery today, after a week stay at the Bay.

TO-NIGHT.

There will be a repetition of The Plunger tonight at the Elite Theatre for the Benefit of the Holder family, who lost their sole support in the death of Herschel Holder in the Dothan Variety Works fire last Thursday morning.

There will be an entire change in the musical specialties. Three solos and one duet will constitute the vocal musical programme for the evening. Ben I. Rapport will sing "Good Bye, Sweetheart, Good Bye," "The Longest Way Round is the Sweetest Way Home," by Ernest Hill; while "Don't Be an Old Maid, Mollie" will be rendered by Lester Farmer. Hill and Rapport will favor the public with another duet. The title of the song they will sing is "Dixie Darling."

Special Music will be furnished by the Dothan Orchestra and an entire change of instrumental music will be made from the last performance.

The entire proceeds nothing excepted, will go to help this family.

You are expected to buy a ticket and come early. There will be no reserved seats, but ushers will be on hand as in all shows previous to assist you in getting a good, advantageous seat.

The prices of admission will be 25 and 50 cents as before and are now on sale by all drug stores and members of the Fire Department.

Doors open promptly at eight o'clock and the performance begins still more promptly at eight thirty.

A WORD FROM MR. EDISON

From the Kinetogram.

When I invented the modern moving picture in the Summer of 1889, I sought to do for the eye what the phonograph had done for the ear. The growth of the business since then, the high character of the pictures made by my own company and other American and foreign manufacturers under my patents, and the thousands of theatres, many of which were especially built for the purpose, represent a development that has far exceeded my most ambitious hope.

I am proud of the moving picture industry, of the effect it has had and must have in the education and entertainment of the public, and of my own part in the development. Living, as we do, in an age of rapid-fire growth, in my opinion the moving picture will do much towards the intellectual development of the American people. In the twinkling of an eye one may visit cities and places of scenic and historic interest; and in the passage of but a few minutes books, poems and dramas may be brought before us that we may not have the time and inclination to read may be brought before us, in tabloid form, it is true but sufficiently in detail to be perfectly comprehensible.

The moving picture has brought within the means of all the opportunity to cultivate and broaden and delight the mind that in the old days was only possible by much travel and extensive reading; and I predict that in the years to come a good part of the education and culture of our citizens will be based on this particular source of amusement.

THOMAS A. EDISON.

SHOT SELLS MAYOR

COURT DECISION IS CAUSE OF QUARREL.

Brother of Defendant Fires On Official And Makes Good His Escape.

Davisboro, Ga., Aug. 23.—J. C. Godfrey, mayor of Davisboro, lies at his home here dangerously wounded as the result of a quarrel which followed a decision made by Godfrey in Mayor's court today in a case against Gordon Collins, a white man.

M. M. Collins, brother of the defendant in the case, approached the mayor after the court had adjourned and began talking about the case. Hot words followed and before anyone could interfere, Collins shot the mayor with a pistol, the ball entering the right side. Mayor Godfrey's condition is regarded as serious. Collins escaped and has not yet been located.

J. E. Bartlett of E. Main street is doing some repair work on his sidewalk in front of his residence. It doesn't take but a little work of this kind to add much to the appearance of things about one's place, and many others could make their premises look much different by following suit.

Miss Mamie Morris of Talladega, after spending some time here with Miss Andrew Crawford, left today for Florida.

C. C. Bennett and sister, Mrs. C. B. Adair, returned last night from an extended trip to Denver, Colo.

Miss Evelyn Farmer and her visitor Miss Slade returned last night from Panama City.

W. L. Lee and two sons, of Columbus, are in town today.

Mr. H. A. Blount went to his plantation in Clinch today.

TWELVE MORE DAYS.

Twelve more days till school takes up. The boys and girls of this town, and a thousand others, have been out of school long enough to be longing for a change. You can see it in their deportment. Some of them have make-shift jobs, just to keep from loafing, and some of them are holding down jobs that their employers would like to keep them on.

Out of the number that will enter school Monday week, the town will likely pick up its big men, in the years to come, and out of the same bunch, the common ranks will be filled. This will be the case, even if all continue to go through school, for some of them will amount to nothing when they have finished, but many of them will be men and women this country will be proud of. It will not be the fault of the school training they get, if all don't make a high mark. Because all cannot and will not stand at the top, is no reason why parents should give the children a lesser showing. It is the duty of every parent to do the best that circumstances will admit, and circumstances in Dothan are not bad—they will admit all children of school age to the schools, term after term.

The outlook is bright for Dothan's having another successful scholastic year.

BOATS FOR SALE.

Owing to my misfortune in getting my mill burnt, with but little insurance, and needing money to help me to rebuild, I will sell my launch and houseboat at Panama City at a sacrifice price. There is nothing nicer of the kind anywhere and you should see them if you contemplate an outing of this kind. W. C. Pilcher.

Please your orders for some of that nice Celery just received. Roland's.

Moonlight Bathing

Music, Turtle Hunt

and a ride on

Beautiful St. Andrews Bay

on the

STEAMSHIP MANTEO

A chance to catch sea turtles, an opportunity to bathe in the moonlight silver waters of the Mexican Gulf, and a ride in the moonlight with music on the beautiful waters of old St. Andrews Bay on the Steamship Manteo, August thirty first. The finest and most interesting excursion of all the season. No seasickness. The Manteo will not go out on the Gulf where the passengers might become seasick. The ride on the bay will be up North Bay, around East Bay, and over to the Pass, where the excursionists will have a chance to view the wonders of the Harvest Moon turning the Breakers of the Mexican Gulf into molten silver. Returning the Manteo will arrange to land passengers on the Gulf Beach, where the moonlight will afford an excellent opportunity to search for turtle eggs and turtles, and where the delightful sensation of bathing in transparent silvery waters of a glorious moon light night may be enjoyed. The Manteo will sail from the Railway Dock at Panama City at 8:00 o'clock p. m., Tuesday the 31st, and from St. Andrews (Ware's Wharf) at 8:30. Returning 11 p. m. Parties from all other Bay points are cordially invited to join the excursion at Panama City or St. Andrews.

What has become of the 1910-100,000? spirit in Montgomery?

Good many people are killing themselves but the automobile is a close second

Many new families have moved to Dothan during the last few weeks and many others want to come

First learn how to make both ends meet, and how to make money will be an easy problem to solve

Those grunts you hear are not hot weather criers, but the last grunting sounds of the Alabama legislature

There are several hundred ways you can make a living in this country and just to think how few of them we have ever tried

Letting well enough alone is all well and good in its place, but one never knows when well enough is well enough to be let alone

Walter Wellman didn't get his balloon to flying good before it slipped a clutch or dropped a wingfeather, and went to the earth

Some say that Harriman is coming home to take a rest, but they better not leave any railroads out at night, not spiked down thoroughly

It doesn't matter who gets elected, or whether constitutional prohibition carries, the people of this county are getting alive to the necessity of good roads

We haven't a farm in Houston county that couldn't be made to produce a good living for the owner if planted in half a dozen things, other than cotton and corn

It is perfectly awful, about this constitutional amendment coming up right at the time when the candidates for various offices can least afford to have themselves go on record

Our people, which is to say other people also, do not take to radical reformation as readily as a hound puppy does to a rabbit. They like their reform, but like it to come slowly enough for it to sink in as it comes

Some of the agricultural colleges of Kansas have cooking schools attached for the girls. This is proving a popular feature, since several western farmers have written the professors that they want to select a wife from the bunch of graduates as soon as they get their diplomas. Cooking schools are laughed at all over the country, but not by the man looking for a wife. He may not want a wife merely because she is a good cook, but he wants a wife and a good cook combined whether she will have to cook or not

THE CAUSE OF THAT STOOP

The stooped shouldered people you see in Dothan haven't always been that way. They have acquired this stoop from perfectly natural causes. They are not stooped from the burdens they carry, nor is it a sign that they

WHEN THE WIFE'S AWAY, ETC

The wife of a Kentucky farmer went on a visit, and the farmer found it necessary to do the milking but he had not counted the cow. She was accustomed to be milked by the farmer's wife and not by the farmer himself. According to the deceptive nature of man and the general depravity of the species the farmer donned the wife's dress and sun bonnet, and then and there valiantly and falsely pretending to be Mrs. Farmer who was in truth and fact he was Mr. Farmer putting on the afore-said Mrs. F. and by the thousand false and fraudulent pretenses which was then and there relied upon by said cow unobtrusively, obviously, covertly and fraudulently did fraudulently obtain from the said cow the usual quantity of milk.

So far so good. But did he carry the deception further? Did he falsely pretending to be the aforementioned wife get up before day and build a fire in the stove and get breakfast and dress the children and tend the chickens with the dicker sweep the house, dust the stockings, pick up the pantaloons and remove the muddy boots from the floor, count out the matted clothes, hangle with the beef man have the yard raked, get the vegetables, write a letter home, work the flowers, go over to see the neighbor, hang on the cross fence to learn the news, churn the milk, work the butter, slop the pigs and attend an afternoon tea? If he didn't he's a quitter. He won't stand to the rack nor stand hitched, he'd cover up his head when he hears a noise around the house. As a false pretender he's a failure and couldn't suffragette worth a cent. There's the pattern and it is now up to the farmer to work into the Bertillon. Put on or shut up. Fool a cow! Well wouldn't that churn you?—The Issue

GREEN'S NEW STORE

O. P. Green has a modest business on North Foster street, put in new fixtures, new goods and is ready to open the best of a place here. The work that he has done in this store is of the first class. The front of the store was torn away and pressed brick and glass front put in and the interior finish is handsome and attractive.

Mr. Green opens up with a first class stock of gent's furnishings and invites his old customers to call and see him in his new quarters.

THE OFFICE OF GOVERNOR

The office of governor is the most important within the gift of the people of the state.

Its functions are vital intimate and close to the outer and inner life of every man, woman and child who lives within the confines of the commonwealth.

To perform the duties of that office a man should be learned, brave, patriotic and energetic.

He should also be able to interpret a right, the constitution and statutory laws. He should inspire the genius of our institution and body forth in his life, official and private, the dignity of the office and the sublimity of American citizenship.

God grant that the people of Mississippi may find a man that will come up to the above standard and elect him governor two years hence.

The people cannot afford to experiment with so important a matter—The Issue

Same applies to Alabama

The competent man is never complaining of the lack of work

THE PEOPLE'S FORUM

Editor Eagle—

Sir: You are to be commended for the spirit that prompts you to open the columns of your paper to readers for expressions of opinion on current affairs. You have already mentioned two Dothan nuisances that should be abated, namely, The riding of bicycles on the sidewalk and shade trees that need trimming up. Of course there is no hope that the sidewalks will ever be made passable so I pass up luck number three.

But there could be an abatement of the two mentioned nuisances by the exercise of a little vigilance on the part of officials whose duty is the enforcement of law.

WHATLEY & WARD

THEY SOMETIMES HAPPEN

The make up man put two ar ticles together yesterday in such a way that it took experienced printers to read them, by getting a pick up of type from the wrong galley. One of the articles the editor tried to say something about 'The Plunger' tonight and the other was one on kicking. We reprint this one today, that the readers may see what was meant. It is an attempt to open up the paper in places for people to air their trouble on different occasions in case they ever have any.

AIR YOUR TROUBLES

Along at different times when we have the room we will publish letters from our subscribers who have a complaint a grouch a kick, or other pleasant or unpleasant form of disturbance.

We want the name of the writer in every instance but will not publish it using an initial or non deplume when desired.

But don't jump on some one when you are mad and expect us to publish it. Stay within the bounds of reason. And remember that we reserve the right in every instance to publish or not to publish that which might be sent. Nothing of a personal nature reflecting on some one character will be allowed.

Confine each letter to a reasonable length— not more than 200 words at the most.

If the shade trees on your streets need trimming up or the boys ride bicycles on the sidewalk or the cows get into your garden make a suggestion. If the prohibition question sort you, say so. What you say will be the thoughts of one man and doesn't mean that the Dothan Eagle is for or against it. We have our own opinions, and speak them, or not as we like, and you are accorded the same right through our "People's Forum" column, or kick column.

Another thing. There are too many typewriters in town for you to fool away valuable time writing with a pen or pencil. Get it typewritten.

Examine Your House

At this time of year you should think of protecting your property against decay and rust during the coming winter months. Whether it is a rotted lumber and rust eaten water troughs, and I drop types all take money to replace. An ounce of prevention is worth a pound of cure. Paint—the "High Standard" kind—gives protection as well as beauty and winter is the time to paint your house. The use of cheap or "Hand Made" Paint is full of economy.
